

OHIO AgrAbility

Cultivating Accessible Agriculture

Promoting success in agriculture for Ohio's farmer's and farm families who are coping with a disability or long term health condition.

How does Ohio AgrAbility work with farmers with disabilities?

Conducting farm visits to discuss needs and help determine appropriate modifications and solutions

Providing on-site assessment and technical assistance to maintain productivity on the farm, and to prevent secondary injuries

Reducing barriers faced by farmers with disabilities or chronic health conditions

Connecting farmers and farm families with our Peer to Peer support system and events

Ohio AgrAbility offers workshops on Secondary Injury Prevention, Assistive Technology and Universal Design on the Farm, and Aging Productively on the Farm or in the Garden.

Please note that Ohio AgrAbility cannot provide direct funding or equipment.
Staff can make referrals to available agricultural, vocational rehabilitation or community service organizations.
