

## 2016 Peer to Peer Regional Conferences

**YOU ARE INVITED** to the first annual Ohio AgrAbility Peer to Peer Regional Conferences. Family and caregivers are welcomed!

### Two locations and two dates:

The first conference will be held on **April, 5th 2016** at the Der Dutchman, located at 445 S Jefferson Ave, Plain City, OH 43064.

The second conference will be held on **April, 6th 2016** at the Der Dutchman, located in 4967 Walnut Street, Walnut Creek, OH 44687.

Both conferences will begin with registration at 9:00 am and start at 9:30 am. The conference will conclude at 12:00 pm.

**What is Peer to Peer?** The Ohio AgrAbility Program provides peer support to farmers and their families that are facing a disability. Connecting with other farmers and their families that are experiencing similar disabling conditions, may be your biggest resource. In return you may have experiences that can help others adapt and overcome their disability to continue farming.

### What to expect:

- There is no cost to attend the conference.
- Ohio AgrAbility will provide reimbursement for your time spent off the farm for the conference.
- Roundtable discussion on building and improving the Peer to Peer program.
- Time to connect with other farmers.
- Presentations on safety, preventing secondary injuries, and fire prevention.
- Assistive equipment venter displays.

**Please RSVP with what conference and how many will be attending. Space is limited.**

To RSVP or if you have any questions, please contact any one of us and we will be happy to help.
